IN KORČULA

GRATIS

Uz čašu vina autohtonih sorti Pošipa, Rukatca i Grka, ili crnog vina sorte Plavac mali, na korčulanskoj trpezi blaguju se jela od mesa, plodova mora i vrhunsko maslinovo ulje. A sve ovo što smo iz prošlosti baštinili okrunjeno je izvanrednom ljepotom krajolika i života čovjeka ovoga podneblja.

Dobar tek!

On the Korčula table, one can enjoy the meals of meat and sea fruits prepared with the top quality olive oil and accompanied with a glass of wine produced from the autochthonous sorts of Pošip, Rukatac, Grk, or the red wine from the sort Plavac Mali. All what we have inherited from the past has been crowned by an exceptional beauty of the landscape and the ordinary way of life of the man of this ambience.

Good appetite!
